# HARLEY M. COY'S CASE

## He is Found Guilty of Murder in the Second Degree

### FOR KILLING INSPECTOR HAWLEY

Kennedy, President of the Spring Garden Bank, is Arrested on the Charge of Embezzlement.

GREENLEY, Colo., May 28.—[Special telegram to THE HERALD.]—Harley M. Coy was today found guilty of murder in the second degree for the killing of Police Inspector Hawley last January. The defense made a plea of self-defense, and succeeded in proving that each man had it "in" for the other. McCoy was a gambler and Hawley had been attempting to run him out of town as a dangerous character. When they met, McCoy was a deputy sheriff, and after a few words passed between the men, pulled his pistol and fired. A motion was made for a new trial.

The Postal Telegraph Company.

COLORADO SPRING, May 28.—[Special telegram to THE HERALD.]—Work has been commenced in this city by the Postal Telegraph line to Salt Lake. The line will pass through Manitou and over the divide between the two cities, and will be used as the main line. The managers hope to complete the line this present year.

Blaine Going to Bar Harbor.

NEW YORK, May 28.—Dr. Dennis said this morning Blaine was getting along very well and would leave this city for Bar Harbor, Maine, early next week.

Kennedy, of the Spring Garden Bank, Arrested.

PHILADELPHIA, May 28.—Francis W. Kennedy, president of the suspended Spring Garden National bank, was arrested this morning on a warrant charging him with making false entries in the books, false returns to the controller of the currency, and embezzlement of the bank's funds. Henry Kennedy, cashier of the bank and a brother of the president, was also arrested charged with conspiracy to commit the same crime. They were held under heavy bonds to appear at a preliminary hearing next Wednesday.

From a few developments that took place in the affairs of the Spring Garden bank, it is evident that the full story of the bank's management is told it will fairly rival that of the noted Keweenaw bank. Receiver Fisher said today the further he looked into the affairs of the bank, the more dubious it looks for the depositors. The collateral is of the most dubious character. A member of the depositors investigating committee, investigating the bank's affairs, said that the collateral of the bank was two notes, one for \$50,000, and another for \$50,000, drawn by a person who has no existence. The suspension of the Spring Garden bank has been far-reaching in its effects, and many business houses have been seriously crippled. Yesterday the American Machine company was forced to suspend its business, and the bank's failure, and to-day the Millard Clark Cracker company made an assignment for the same cause. The assets are thought to exceed the liabilities.

Outbreak of Soldiers at Walla Walla Feared.

WALLA WALLA, Wash., May 28.—The sheriff of this county has asked the governor to send arms and ammunition as an outbreak of soldiers is possible among some of their number, who have been indicted for complicity in the Hunt lynching, are arrested to-day. The governor has sent the necessary orders.

Culler and James Evans, E. troop. The soldiers were recently indicted by the grand jury and charged with the crime of murder in the first degree. The prisoners were taken to the city under a guard detailed by Colonel Connor, where they were placed in jail, which is guarded by thirty deputy sheriffs. Although rumors were in circulation if any soldiers should be arrested they would be taken from jail, no danger is apprehended. Everything is quiet to-night.

The Esmeralda Ordered to Leave Acapulco.

WASHINGTON, May 28.—Dr. Stetefeldt, Venezuelan minister here, informs the Associated Press that dispatches received to-day from reliable sources in Mexico state that the Mexican government has ordered the insurgent Chilean cruiser Esmeralda to leave the harbor of Acapulco. The commander of the vessel, Juan Williams, is reported to be willing to leave, but his ship had no sails and could not depart without steam power. The government then allowed the Esmeralda to take enough coal to enable her to enter effect. She received 300 tons of her ordnance consumption being fifty tons a day. The Esmeralda sailed on the 30th instant immediately after receiving her coal allowance.

The Esmeralda Coasting at Acapulco.

NEW YORK, May 28.—An Acapulco dispatch dated yesterday says: The Esmeralda has frightened the authorities of this town to such a degree that at 6 o'clock this evening the Chilean war ship was coaling. She will probably leave here to-morrow.

A Chilean Insurgent Decree.

PARIS, May 28.—A dispatch from Chili says the congressional committee through the provincial junta issued a decree at Iquique on the 22nd inst. which declares void all negotiations based upon deposits of silver in the mint at Santiago which guarantee the notes in circulation. Anybody accessory to operations connected with the use of silver will be prosecuted for fraud. The committee therefore warns the public that bills drawn against the mint at Santiago are null and void, and that any person who attempts to negotiate or negotiate in Chili or in Europe, will be worthless as payment, will be refused by the authorities appointed by the congress.

Captain Markley's Case to be Investigated.

WASHINGTON, May 28.—The war department is now giving its attention to the conduct of Captain Markley, company I, Twenty-fourth infantry, now at San Carlos, Arizona. From time to time reports have been coming in to the effect that this officer is having trouble with his command, and court-martial after court-martial has been ordered at his instance to try enlisted men. Finally it was ordered, and if they so recommend, a court-martial will follow.

### DEMANDS IT FOR PROF. BRIGGS

Prof. Smith Says if Briggs Can Justify His Position Historically, He Has a Right to Do So.

DETROIT, May 28.—After the usual preliminaries at the Presbyterian general assembly this morning, Dr. Patton spoke a few words explaining the report of the committee on the Briggs case. He said: "You are no doubt ready to credit our committee with a desire to do simply what is best. Recognizing our liability to error, we have had only a desire to do what was demanded by the exigencies of the case in a spirit of kindness and recognition of the rights of all persons concerned. If the discussion brings new light, we will welcome it. We are ready to give a reason for every decision we have made. We hope there will be no long debate, although we are prepared for it."

The Preacher Counterletters Arrested.

CHICAGO, May 28.—Captain Porter, of the United States secret service, has returned from Southern Illinois, where, within the past week, he put behind the bars the preacher counterletters George Vancil and Holmes. He tells a queer story. Holmes was a couple of years ago and general outcast in Du Quoin. Vancil was a Baptist minister. He undertook to convert Holmes after everybody else had given him up and succeeded. People throughout the county marveled. Holmes soon became pastor of the Campbellville church near DuQuoin. After a time Vancil gave up his counterletting, and Vancil passed it. Later on the same thing was repeated. About this time Uncle Sam's emissaries were turned out in Holmes, capturing a regular counterletter. Vancil was arrested later. He always he took the money and continued the acquaintance with counterletters. He was charged with the same crime. They were held under heavy bonds to appear at a preliminary hearing next Wednesday.

The British Defeat the Portuguese.

On Espion Down.

LONDON, May 28.—At Espion down today the most interesting event was the race for the Espion grand prize for three miles. Henry Jones, of the Benevento, St. Kilda second and Ordinance third.

The Black List in the Cork Region.

SCOTTSDALE, Pa., May 28.—The rush of the old men for work at the various plants continues. In most instances, however, they are turned out in company with the new ones. Hundreds of old miners are not needed. One works to another in the vain hope of finding work, but everywhere they are met with the same statement, "no work." This simply means that the black list has gone through the region, and men who are on one work are certain to be refused at another. As a result they are either precluded from leaving the district for another field or are drifting aimlessly about, and homeless destitution of hundreds of families.

TRUTH WILL OUT.

## The Myth Concerning Ocean Competition

With Railroads to the Pacific is Largely Exaggerated by the Admissions of Traffic Manager Hammond on Cross-Examination.

SPOKANE FALLS, May 28.—At to-day's session of the inter-state commerce commission there was a hearing of the complaint of the Merchants union of this city. The point upon which witnesses were mainly examined was ocean competition, which transcontinental roads have to meet at Pacific coast terminals. It was shown in evidence, much to the surprise of everybody, that only two vessels came into Puget sound with merchandise from Atlantic seaports during the six months ending January 1, 1891, and during the year ending last April only eight vessels came into Portland with merchandise from Atlantic ports.

The Handcuff Case.

CHICAGO, May 28.—A dispatch from Kalamazoo to-night says it has been definitely settled that H. H. Hancock, of Los Angeles, is not a missing man.

The Templars' Congress.

BOSTON, May 28.—At the session of the Templars' congress to-day, it was resolved that the organization hold a celebration on the 17th of March each year in memory of J. B. Finch. A ballot for the place in which the congress would hold its meeting in 1893, resulted in selecting Des Moines, Iowa. The vote received 56 votes over all other places voted for.

The American delegates expressed great satisfaction over the fact of the capital of a prohibition state being selected as the place of the meeting.

By a Photograph—It is Nothing More nor Less than a Photograph Camera Arranged to Do New Work in a New Way.

[Special to THE HERALD—Examiner Dispatch.]  
NEW YORK, May 28.—Three or four years ago, in a magazine article, Edison, the electric wizard, wrote that he would produce a machine which should record and reproduce motion as the photograph records and reproduces sound. A little while ago he has made a great contribution to the world's knowledge of the motion picture by his new invention, the Kinetograph. It is a most marvelous picture. It is a photograph of a scene, and the scene is recorded on a glass plate. The scene is then reproduced on a screen, and the viewer sees the scene as it was recorded. The Kinetograph is a photograph camera arranged to do new work in a new way. It is a photograph camera arranged to do new work in a new way.

Church Assemblies

Voting at an Election is a "Heinous Scandal"

In the Opinion of the Reformed Presbyterian General Synod—An Evangelical Lutheran Remonstrance Against Certain Presbyterians.

PITTSBURGH, May 28.—At to-day's session of the general synod of the Reformed Presbyterian church overtures from the general assembly of the Presbyterian church favoring the union of the two churches were referred to a special committee.

The question of ministers suspended by the Pittsburgh Presbytery for heresy in declaring for the right of suffrage, was brought before the synod by memorial, unanimously signed, from the First, Second and Fourth Reformed Presbyterian congregations. The memorials characterized the action of the Pittsburgh Presbytery as unjust, and without authority. If sustained by the synod it would result in killing all private opinions and would work great harm to the church. The memorials were referred to the committee on church discipline, after a heated discussion.

At the afternoon session, by a vote of 15 to 10, the Pittsburgh memorial labeling the action of the Pittsburgh Presbytery as a "heinous scandal" was adopted. A bitter discussion followed, several members of the liberal party protesting against the action. The Pittsburgh Presbytery came off victorious, defeating the compromise proposition and securing an adjournment until to-morrow amid enthusiasm.
